

IF YOU DON'T CERTIFY YOUR FIRST TRY...

1) DON'T WORRY

There is no shame in failing your first try. Think of it as extra practice to help you get stronger.

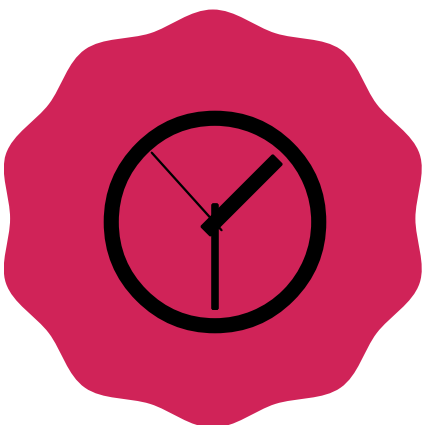

2) REFLECT

Did you spend 8-10 hours to prepare? Did you read the manual? Did you watch the exemplar videos? Did you go back and watch training videos and read the Master Code justifications? How long did you spend scoring?

3) REACH OUT TO RELIABILITY SUPPORT

Email reliabilitysupport@teachstone.com for individual support. We can walk you through your scores.

4) TIME MANAGEMENT IS KEY!

Make a plan for when and where you will study and test. Don't wait until the end and put too much pressure on yourself.
